I. PHILOSOPHY

The Philosophy of Education at Mater Dei Academy is based on the teachings of the Catholic Church. In the Declaration of Christian Education of Vatican II, Pope Paul VI proclaimed, "A true education aims at the formation of the human person with respect to his ultimate goal, and simultaneously with respect to the good of those societies of which, as a man, he is a member." According to this document of Vatican II, the school is designed to develop the intellect and the ability to judge rightly: to hand on the cultural legacy; to foster a sense of values; to prepare for an occupation; to promote friendship among pupils of different talents and backgrounds; and to foster cultural, ethnic, and religious life.

The Catholic school however, has several distinctive functions: to create a special atmosphere by the Gospel spirit of freedom and charity; to help young people grow as the new creatures of God which they became by Baptism; to promote spiritual as well as the temporal goods of the earthly city; and to prepare students for service in the spread of the Kingdom of God.

Pope Pius XI in his great encyclical, Christian Education of Youth, states: ". . . since education consists essentially in preparing man for what he must be and for what he must do here below, in order to attain the sublime end for which he was created, it is clear that there can be no true education which is not wholly directed to man's last end . . . since God has revealed Himself to us in the Person of His Only Begotten Son, Who alone, 'is the Way, the Truth and the Life,' there can be no ideally perfect education which is not Christian Education."

"These goals cannot be fulfilled unless the teachers subscribe wholeheartedly to them. Bound by charity to one another and to their students, and penetrated by an apostolic spirit, let them give witness to Christ, the unique Teacher, by their lives as well as by their teachings."

"Above all, let them perform their services as partners of the parents. Let them work strenuously to inspire personal initiative on their students' part."

II. SPIRITUAL LIFE

The foundation of Mater Dei Academy is built on a firm formation in the Catholic faith. The school seeks to develop a strong Catholic identity in students, and immerses them in many of the beautiful traditions of the Church including a deep devotion to the Blessed Virgin Mary through the daily recitation of the rosary and the wearing of the brown scapular. Prayer permeates each school day and by graduation students know from memory all of the prayers in the Mater Dei Academy Prayer Book.

IV. SCHOOL GUIDELINES AND PROCEDURES

Attendance

A. Absences and Illnesses

1. If a student is going to be absent, please notify the school office before 8:45 a.m. giving the reason for the absence.
2. Students may not be in school for 24 hours after vomiting and must be fever free for 24 hours to return to school.
3. A note, signed by a parent or guardian, which includes the reason and the date of absence must be presented to the teacher when the student returns unless an email has already been sent to the office.
4. Parents of students with 7 absences in a school quarter, or exceeding 15 days total in a school year, must meet with the teacher and principal to determine grade placement for the following year.
5. Students at school but absent from the classroom for over two hours due to illness, will incur a half day's absence.

Habitual Truancy and Excessively Absent

Section 3321.01 of the Revised Code of Ohio states that a child between six and eighteen years of age is of compulsory school age. **Section 3321.04** further stipulates that the parent of any child of compulsory school age must send the child to a school which conforms to the minimum standards prescribed by the State Board of Education.

DEFINITION OF TRUANCY AND EXCESSIVE ABSENCES

1. 'Chronic truant' is removed from the law;
2. Definition of 'habitual truant' changed from days to hours. The new definition is:
 - Absent 30 or more consecutive hours without a legitimate excuse;
 - Absent 42 or more hours in one school month without a legitimate excuse; or
 - Absent 72 or more hours in one school year without a legitimate excuse.
3. Includes 'excessive absences':
 - Absent 38 or more hours in one school month with or without a legitimate excuse; or
 - Absent 65 or more hours in one school year with or without a legitimate excuse.

Excessively Absent: Ohio House Bill 166 updated the definition of excessively absent to include absences with nonmedical excuses or without legitimate excuses for 38 hours in a month or 65 hours in a year.

In the event a child of compulsory school age is absent with a nonmedical excuse or without legitimate excuse from the public /private school the child is supposed to attend for **38 or more hours in one school month or 65 or more hours in a school year, the following must occur:**

The district will notify the student's parents in writing within seven days of the triggering absence if

the absences are for nonmedical reasons or without legitimate excuse;

- The student will follow the district's policy for addressing excessive absences; and
- The district may refer the student and family to community resources, as appropriate.

If a student is absent for 38 hours in a month or 65 hours in a year **with medical excuses**, the district is not required to notify the student's parents in writing

Chronic Absenteeism

It is important for Ohio's students to be in class every day ready to learn. Ohio defines chronic absenteeism as missing 10 percent or more of the school year for any reason. A child who is not in school is a child who is missing out on his or her education.

A student is chronically absent if he or she misses as few as two days of school a month.

2 DAYS PER MONTH x 9 MONTHS = CHRONIC ABSENCE

The student's parent, guardian or caretaker is responsible for ensuring that the student attends school.

The school district must provide one written notice, warning the student and the student's caretaker of the legal consequences of being a habitual or chronic truant, and insisting that the student be compelled to attend school immediately.

The policy should address habitual truancy and intervention strategies and may include the following actions that could be taken by the school district:

1. Provide a truancy intervention program for a habitual truant;
2. Provide counseling for a habitual truant;
3. Ask or require the parent, guardian, or caretaker to attend parental involvement programs;
4. Ask or require the parent, guardian, or caretaker to attend truancy prevention medication programs;
5. Notify the registrar at the Bureau of Motor Vehicles, if the student is of driving age;
6. Take legal action against the student's parents, guardian, or caretaker;

7. If the board has created an alternative school, the school district must incorporate assignment of a habitual truant to the alternative school in its truancy policy (as an intervention strategy).

The parent, guardian, or caretaker must see to it that the student attends school immediately. If this does not happen, the school may require the person who is responsible for the student to attend a parental education program or the school may file a complaint against the parent, guardian or caregiver in juvenile court.

The person or persons responsible for the student may be fined up to \$500, required to perform up to 70 hours of community service, or both. The repeated failure to make sure a truant student attends school also may result in criminal charges, a misdemeanor in the first degree, for contributing to the delinquency of a student.

B. Appointments

1. Appointments during the school day should be avoided whenever possible.
2. Prior notification to the office via email is encouraged. Students must bring a note from home listing the date, time, and nature of the appointment if an email has not already been sent.
3. All missed school work must be made up.
4. Students missing more than two hours of school will incur a half day's absence.
5. Parents must sign the log book to sign the student out indicating reason, date and time.

C. Dismissal

1. Dismissal is at 3:00 p.m.
2. Parents should enter the parking lot on the Elm Street side and exit through the Collingwood exit around the church office entrance.
3. For everyone's safety, smaller cars should park closer to the building and larger vehicles should park farther away. This allows the children to be more easily seen as they walk to their cars.
4. Students will be dismissed when there are no cars moving.
5. Students are to go directly to the vehicle in which they will ride. They must stay in the vehicle.

6. Students may not return to the building after they have been dismissed unless a parent accompanies them.
7. Students, and all children, may not play in the parking lot after school hours.
8. Students will be dismissed only to their own vehicle.

D. Make-Up Work

1. Students who are absent from school for any reason are expected to make up missed work.
2. Parents are expected to obtain the missed assignment. The parent must request that the work be left at the school office when the parent calls the school to report the absence before 8:00 am. The work may be picked up at the school office between 2:45 and 3:30 PM. If requested, work may be sent home with the absent student's sibling.
3. The student is given the same number of days to make up the work as they were absent. If a student is absent one day, one day is given for the make-up work to be completed. For a two day absence, two days are given for the work, etc.
4. Students who are absent on the day a long-term assignment is due, are still required to turn it in on time.
5. It is the responsibility of the students in Grades 5, 6, 7 and 8 to ask the teacher to make up the tests.

E. Morning Arrival

1. Arrival time is between 7:40 a.m. - 8:00 a.m.
2. Students should go directly to the Common Room and immediately put backpacks and coats away.
3. Opening prayer and pledge begin immediately at the 8:00 a.m. bell.

F. Tardiness

1. Any student arriving after 8:10 a.m. is considered tardy.
2. Parents must sign-in students on the attendance sheet with the teacher on duty, or in the office if no teacher is on duty.
3. All tardies shall be recorded on the report card.

G. Vacations

1. Vacations during the school year are discouraged because of the rapid progress of instruction. It is extremely difficult for students to catch up after a prolonged absence.
2. Parents and students must realize that it is impossible to duplicate instruction time. The child is responsible for obtaining notes from other students upon their return to school.
3. Parents need to obtain a vacation form from the office and submit it for approval.

6. Parents making a presentation in a class as a guest speaker are considered visitors and do not have the same requirements as volunteers.

V. DISCIPLINE

Self-control is the highest form of discipline. To help the students acquire this virtue, the school regulations need to be enforced.

A. Code of Conduct

1. Mater Dei Academy's Code of Conduct is based on the Ten Commandments and the teachings of the Catholic Church. An attitude of Christian discipleship should permeate the academic, behavioral, and spiritual aspect of student life.
2. Education is a serious pursuit and students are expected to conduct themselves in a manner that does not interfere with the instructional process.
3. Maintenance of discipline in the school results from the combined efforts of every student, parent, and teacher. For teachers to maintain a learning atmosphere in the classroom, it is essential that children be taught Christian responsibility and respect for others at home, as well as school.

Overall class discipline continues to remain at the discretion of each teacher.

Parents/guardians should use the following avenues when needing to communicate their concerns about their student's behavior or homework needs:

1. Communicate and meet with the teacher.
2. Communicate and meet with the principal, only after first communicating with the teacher and you are not satisfied.
3. Contact the board only if you have first communicated and met with the teacher and the principal and are not satisfied.

Expectations for Students:

With Christ as our model, we maintain the following standards for behavior:

B. Academic Integrity Policy

MDA Administration recognizes and values the importance of introducing and educating students on cheating and plagiarism. This includes defining what cheating and plagiarism are and informing students of the potential consequences when

cheating and plagiarism occur.

Students in fourth grade will be introduced to the concept of cheating and plagiarism through classroom teachers and media center. Students will review these concepts in fifth grade to fully understand the consequences of such acts.

In order for students to understand the difference between cheating and plagiarism, the teacher will introduce “common” definitions and “examples” of both.

Cheat: “To violate rules and regulations. To act in a dishonest way”.

Some examples of cheating include:

- Giving or receiving answers during a test
- Directly copying assignments from other students (including homework)
- Turning in class work or homework as your work that is actually the work of others
- Giving your work to another student that will be copied or used

Plagiarism – representing someone else’s work, words, images, data or ideas as your own without properly citing the source.

Some examples of plagiarism include:

- Copying or paraphrasing someone else’s words or ideas from the internet, books, magazine articles or directly from a person
- Copying or presenting someone else’s work as if it were your own
- Giving your work to another student whether or not you believe it will be copied.

What are consequences for cheating and plagiarism? Some samples may include but are not limited to:

- Reviewing the definitions of cheating and plagiarism
- Parent notification
- Requiring students to complete an alternative assignment
- Meeting with principal, teacher and parent
- Receiving no credit or grade for the assignment, project, test or quiz
