Sts. Cosmas and Damian

Sts. Cosmas and Damian were brothers, born in Arabia, who had become eminent for their skill in the science of medicine. Being Christians, they were filled with the spirit of charity and never took money for their services. At Egaea in Cilicia, where they lived, they enjoyed the highest esteem of the people. When the

persecution under Diocletian broke out, their very prominence rendered them marked objects of persecution. Being apprehended by order of Lysias, governor of Cilicia, they underwent various torments about the year 283. Their feast day is September 26th. They are patron saints of pharmacists.

Have a safe and blessed weekend.

O My Jesus, Saints Cosmas and Damian (d.c. 303) were twins who became excellent doctors. They refused payment for their medical care because they believed that when they treated patients, they were also caring for You. By conveying great love, they won the hearts of their patients as they taught them about the Faith. I ask them to pray for my special skills, that I use them for Your glory. I also ask them to pray for all those in the medical field, that they grow in generosity of spirit. Bring conversion to the unsaved and teach Christians to serve You through their professional lives. Saints Cosmas and Damian, pray for us.

Amen.
